National Library Week

National Library Week is an annual celebration highlighting the valuable role libraries, librarians, and library workers play in transforming lives and strengthening our communities.

This year's theme, *Libraries = Strong Communities*, illustrates how today's libraries are at the heart of our cities, towns, schools and campuses, providing critical resources, programs and expertise. They also provide a public space where all community members, regardless of age, culture or income level, can come together to connect and learn. Stop in your Kilbourn Public Library all week for puzzles, trivia, poetry scrambles, free giveaways and more!

April Book Discussion

For the month of April, we will be reading *The Sun Does Shine* by Anthony Ray Hinton. This book is a powerful, revealing story of hope, love, justice and the gift of reading by a man who spent thirty years on death row for a crime he didn't commit. The author, Hinton, was sentenced to death for murder. He spent his years in prison before his release helping his fellow inmates get through their time in prison by talking about their lives, regrets and ideas. We will be discussing this book twice in April: **Wednesday, April 24 at 1:30 pm** and **Monday, April 29, at 6:30 pm**. Copies of the book are available at the library and on the bookmobile. If you are unable to join us for discussion, please don't miss the online conversation at kplbookclub.blogspot.com. **All are welcome!**
