## May Programming

### The Birdman Of Koshkonong with Martha Bergland

*Thursday, May 6 at 6:00 pm—Virtual*

In 1834, Thure Kumlien settled on the shore of Lake Koshkonong. Kumlien, an accomplished ornithologist, botanist, and naturalist soon began sending bird specimens to museums and collectors in Europe and the eastern United States. Later, he prepared natural history exhibits for the newly established University of Wisconsin and became the first curator of the new Milwaukee Public Museum. For all his achievements, Kumlien never gained widespread notoriety. As this carefully researched and lovingly rendered biography proves, Thure Kumlien deserves to be remembered as one of Wisconsin's most influential naturalists. Martha Bergland is the coauthor, with Paul Hayes, of *Studying Wisconsin*, which won the Milwaukee County Historical Society's Gambrinus Prize. She taught for many years at Milwaukee Area Technical College. She lives in Glendale, Wisconsin. Join her virtually on Zoom for a presentation on the biography of Wisconsin Naturalist, Thure Kumlien. ## May Book Discussion

### *Oona Out Of Order* by Margarita Montimore

It's New Year's Eve 1982 and Oona Lockhart has her whole life before her. At the stroke of midnight she will turn nineteen, and the year ahead promises to be one of consequence. Should she go to London to study economics or remain at home in Brooklyn to pursue her passion for music and be with her boyfriend? As the countdown to the New Year begins, Oona faints and awakens thirty-two years in the future in her fifty-one-year-old body. Greeted by a friendly stranger in a beautiful house she's told is her own, Oona learns that with each passing year, she will leap to another age at random. And so begins...Oona out of order.

We will discuss this charming and delightful novel of self-discovery twice in the month of May. **Monday, May 24 at 5:30 pm and Wednesday, May 26 at 1:30 pm.** \*These meetings will be held outdoors, weather permitting or in the community center socially distanced. ## Hoopla Spring Book Club Selection

### *Libertie* by Kaitlyn Greenidge

According to the book jacket this novel is coming of age as a freeborn Black girl in Reconstruction-era Brooklyn. Libertie Sampson is all too aware that her purposeful mother, a practicing physician, has a vision for their future together: Libertie is to go to medical school and practice alongside her. But Libertie, drawn more to music than science, feels stifled by her mother's choices and is hungry for something else—is there really only one way to have an autonomous life? As she tries to parse what freedom actually means for a Black woman, Libertie struggles with where she might find it—for herself and for generations to come. This is an unforgettable story about her search to find a place where she can be fully, and only, herself.
