October Book Discussion

For October's book discussion we will be diving into the 2018 Go Big Read selection: *The Death and Life of the Great Lakes* by Dan Egan. This book explores the Great Lakes which includes Erie, Huron, Michigan, Ontario and Superior. Egan explains how these lakes are facing a severe threat from human activity and are turning into an environmental catastrophe. This book blends the epic story of the lakes with an examination of the perils they face and ways we can save our largest source of freshwater for future generations. Go Big Read started 10 years ago and has grown to be one of the largest college common reading programs. It has united UW Madison and local communities in reading and discussing timely topics, all with a goal of gaining a better understanding of each other and the issues. We will discuss this book on **Monday, October 29 at 6:30 pm and Wednesday, October 31 at 1:30 pm**. If you cannot make it in person please use the online blog at kplbookclub.blogspot.com.
